25 Channel, Norwalk, CT 06854. Notice of tentative determination to approve structures, dredging and fill and tidal Wetlands and Intent to waive public hearing. Application No. SDFTW- 201605547. Submitted by Coastline Consulting and Development on behalf of Ms. Jacqueline E. Updike. Removal of existing structures, install a 4' x 20' fixed pier, 4' x 20' ramp, and 8' x 12.5' floating dock with 6" x 6" stops, and a 4'-8" x 5' hinged open-grate kayak launch, and retention of an existing concrete bulkhead. The NHMC reviewed the pre-application submitted by Jeff Westermeyer on January 27, 2016 and submitted comments to the applicant on February 17, 2016.

COP Manresa Island Remediation Action Plan, One Manresa Island Avenue. The applicant, Norwalk Power LLC, plans to conduct a wetland sediment remediation pilot test within an industrial site on Manresa Island, Long Island Sound. The proposed project consists of excavating and backfilling a targeted (20' x 20') shallow (to depth of 1') within tidal Wetland W-5 (800 sf/30 cy) and freshwater Wetland W-4 (800 sf/30 cy). This initial phase will be followed by 1 year periodic sampling at both target areas. The testing of metals and contamination in these area will determine whether the Remediation Action Plan proceeds with or without using geotextile under the backfill or the need to evaluate other remedial alternatives for the wetland sediment site.

DEEP Notice of Violation to City of Norwalk (NOV No. LIS-2017-3854-V).
Norwalk Visitor's Dock (David S. Dunavan Boating Center at Veterans Memorial Park).
Discussion of non compliance issues and proposed re-mediation measures.
