

*Norwalk Harbor Management Commission
Application Review Committee Meeting
Thursday, November 15th, 2018
6:30 p.m.
Planning and Zoning Conference Room
Norwalk City Hall*

1. **30 Shorefront Park, Norwalk CT; Application;** Mr. Ralph Peluso (Applicant) proposes to construct a 4' by 74' piling-supported timber pier; install a 3' by 40' aluminum ramp, 10' by 16' timber floating dock, and two timber float anchor pilings.
2. **Walk Bridge Project:** The DOT will be at this meeting to discuss the Bridge Project with the Commission. The DOT met last week with the Shellfish Commission. The CTDOT packet that was sent to NOAA for consultation on the Walk Bridge Project was sent last week in 7 installments due to size. The diagrams are representations of the work that will be required to complete the WALK Bridge replacement. CTDOT needs to start discussing the project and wants to vet out early concerns. CTDOT wants to develop workable solutions to any problems we may have on the project that impact the Harbor. The Structures and Dredging Application designs are still being developed and should be distributed to the NHMC and NSC within a month.

John Thomas Pinto
Chairman, Application Review Committee
Norwalk Harbor Management Commission
