II. PUBLIC PARTICIPATION

Mayor Moccia reviewed the procedure and rules for those who had signed up to speak, and asked those individuals to state their name, address or affiliation and to comment only as relevant to the agenda items, limited to a maximum of three minutes.

The following comments are not verbatim and represent a summary of statements made.

Mr. Keal Evans, stated his address as 539 West Avenue, Norwalk, and expressed his concern with the language for \$5 million state bond for the Waypointe development project. He stated that the Council should use caution as this project has gone on way to long without completion as compared to the Avalon project. He added that the language should be looked at very closely to be careful how the funding guidelines are set and how much is going to a developer that may not be as reputable as others. Mayor Moccia stated that this was not the forum to make any comments of personal attack, and Mr. Evans stated that he wanted to be sure research was done into the reputation of the developer to avoid having a road to nowhere.

Mr. Eric Chandler stated his address as 101 Ledgebrook Drive and stated he wanted to express his support of the appointments to the Historical Commission. He stated that Mr. Peter Bondi takes his role very seriously and is always in attendance at meetings, and makes a personal involvement with the Mill Hill, Norwalk Museum and Lockwood Matthews Park. Mr. Chandler added that Mr. Westmoreland also has proved his worth in many ways with the Historical Commission and has served as a valuable bridge with the efforts of the Commission. He stated he is proud to voice his support for both gentlemen and the City is fortunate to have the involvement of such dedicated individuals on the Commission.

Mr. Roberto Innanone, 24 Merwin Street, stated he also is very much against the \$5 million bond for the Waypointe development project. He stated that the project includes a road that extends onto his property which was dedicated to him from his family, and he is now at risk of losing an area that he had planned as retirement property. He added that Council should spend the money better on schools and to be careful not to create another 5-7 commotion where people lost money and jobs. Mayor Moccia stated that as a point of clarification this was not money that could be used for the operating budget or for education but was a grant-in-aid to the City and limited to assist with development of public improvements.

There were no other participants, and Mayor Moccia thanked those individuals who spoke and stated he appreciated their coming out to share their comments.

1. Announcement of Maritime Authority Members:

She stated that there was a Democratic council member that has requested to serve on this Authority, and she would like to add the name of Travis Simms to the list. Mayor Moccia stated that he would accept this request, but to keep within the rules, a roll call vote would be taken for all of the above members.

E. RECREATION, PARKS & CULTURAL AFFAIRS COMMITTEE

7. Approve the new Fees & Charges Harbor Management for 2010.
  - A. Establish an annual permit fee of \$3.00 per linear foot of the permitted vessel;
  - B. Raise the one-time application fee for new applications from \$40.00 to \$75.00
  - C. Raise the reinstatement fee for failure to renew permits from \$110.00 to \$165.00.

Note: Under the existing fee schedule, the annual fees are \$30.00 for boats 20ft or less; \$45.00 for boats greater than 20 ft. and less than 30 ft.; and \$60.00 for boats 30 ft. or longer.

Mr. McQuaid stated that last month the item was discussed sent back to the Commission at the Council's request to re-present the item to the Department of Parks, Recreation and Cultural Affairs. Mr. D'Andrea of the Harbor Management Commission stated that he had presented the item and there were no public comments or objections and two members of the surrounding Harbor Associations spoke in approval of the new fee charges.

Ms. King stated that she had received comments from residents that they had no knowledge of the public hearing, and asked if a committee had been formed as requested of Mr. Griffin. Mr. D'Andrea stated he had no knowledge of a newly requested sub-committee, and Ms. King restated that Mr. Griffin was supposed to form a committee with members of Sprite Island, Norwalk Yacht Club, and Rowayton Yacht Club to review the new fees. She added that she wanted to prevent a small number of mooring permit holders from having the burden to pay a larger than proportionate share of increased charges.

Mr. D'Andrea replied that there were members of those associations present at the meeting and they voiced comments of approval of the fees, and asked Mr. McQuaid to confirm that and he said he was in agreement. Mr. D'Andrea stated that if the Council wants an increase spread to all vessels in the harbor, it would be an enormous task that would require more manpower than the Commission's \$13,000 budget has available. Ms. King commented that she did not necessarily want to charge all vessels in the harbor, but wanted to be sure this small population of mooring permit holders were not being overcharged more than their share of the burden, then be possibly faced with another increase in charges next year.

Mr. D'Andrea responded that he did not have a crystal ball of budget restraints for next year, but that he had been empowered by the Commission and the City to reduce operating expenditures. He reiterated that the item had been vetted through committee, public hearings, with all procedures followed as listed in City guidelines and ordinances, and he added that the Harbor Management Commission had approved to increase the rates for the first time since 2005. He commented that the Rowayton Yacht club charges \$200, and if Ms. King would like him to raise the Norwalk Harbor fees to be in line with Rowayton, he was happy to do so; but a 10% increase was much more desirable in behalf of the mooring owners.

Mr. Conroy asked how the Commission plans to spend the revenue from increased charges in fees. Mr. D'Andrea responded that the budget in totality is used for Harbor Master expenses, consultant legal fees associated with application permits, dredging regulations, and testing of 26 Health Department water quality sites.

Mayor Moccia stated that the revenue generated from this item is relatively low in total dollars, and it has been vetted through committee, public hearings, with all procedures followed as listed in City guidelines. He added that the area harbor associations are in agreement with the fee increases, which are much lower than other harbor fees in surrounding towns.

Mayor Moccia thanked Mr. D'Andrea for the thorough job he has done with the added meetings and discussions that he had been requested in order to recover the rising costs of managing the Norwalk Harbor, especially with the limited budget that is available. Mayor Moccia requested that with no further discussion, a motion be made to approve the new Harbor Management fees and charges for 2010.

- \*\* MR. MCQUAID MOTIONED TO APPROVE THE NEW FEES & CHARGES HARBOR MANAGEMENT FOR 2010:**
- 1. ESTABLISH AN ANNUAL PERMIT FEE OF \$3.00 PER LINEAR FOOT OF THE PERMITTED VESSEL;**
  - 2. RAISE THE ONE-TIME APPLICATION FEE FOR NEW APPLICATIONS FROM \$40.00 TO \$75.00.**
  - 3. RAISE THE REINSTATEMENT FEE FOR FAILURE TO RENEW PERMITS FROM \$110.00 TO \$165.00.**
