

*Norwalk Harbor Management Commission
Application Review Committee*

July 24, 2013

6:30 pm P and Z conference room

Norwalk City Hall

1. Timothy / Amy Tyson, 6 Point Road, Norwalk CT. A concrete flood wall is proposed along the perimeter of the existing driveway. The proposed wall will connect to existing structures and a retaining wall. The wall is proposed to be reinforced concrete with a stone masonry veneer. The wall is expected to be constructed entirely from land.
2. Sixth Taxing district, City of Norwalk. Repair of seawall at Bayley Beach, 11 Pine Point Road Norwalk CT. the intent is to construct a proper base/ foundation along with strengthening the wall to maintain its original location and height.

Other Business

1. Copy of correspondence between Sue Jacobsen, CT DEEP concerning several issues.
