1. 2009-11: Norwalk Power LLC, Manresa Island Avenue, So. Norwalk

General Permit Registration Submission and General Permit for Coastal Remediation Activities Required by Order for work at NRG Norwalk Harbor Generating Station. Authorization from OLISP is necessary to execute an approved Remedial Action Plan dated March 9, 2009 at Manresa Island. The proposal includes: excavation of Three 20' x 20' areas to 18" deep to address metals in the soils. One area is at the edge of a tidal wetland; the other two are upland. 67 cu. yds. will be removed, temporarily stockpiled upland on and covered by poly sheeting while testing is done. Sediment barriers will surround each pile; final disposition will be transported off site. Each excavation area will be backfilled with clean soil and planted with appropriate natural plantings. There will be a 10' setback from each area.

Agent: Shaw Environmental & Infrastructure, Inc. of Hopkinton, MA (508) 435-9561
