**MEMORANDUM**

---

**DATE:** March 8, 2022  
**TO:** Michelle Andrzejewski, Land Use Planner  
**FROM:** Alexis Cherichetti, Senior Environmental Officer  
**RE:** #2022-07 SP – 233 Richards Avenue [5-63-3-0] – Bridgeport R.C. Diocesan Corp.  
Proposed 2 ½ story building for office use for existing cemetery

Upon review of our records and maps, it appears that the property at 223 Richards Avenue **does** contain any inland wetlands or watercourses. However, it does not appear that any of the proposed activities would be considered ‘regulated activities’ under the City of Norwalk Inland Wetlands & Watercourses Regulations. This Special Permit application will not require a Wetland Permit application before the Inland Wetland Agency. The proposed S&E Control Plan adequately protects the inland wetland/watercourse system from potential impact.

Any expansion of activity more westward than currently proposed, resulting in work closer to the inland wetland and watercourse, would require a new referral to confirm permit need.

There are no elements of the proposal that warrant a review by the Conservation Commission.

Thank you for the opportunity to comment. If you have any questions regarding the above, please call or email me.
